

Chung Hing Industry Co., Ltd.

Company Profile

Chung Hing Industry was founded in Hong Kong in 1969. For over forty-eight years, it has been manufacturing ODM and OEM products at its own production sites and serving world-renowned clients, such as Bosch, Emerson Electric, Schneider Electric, Sharps, and Toyota.

Currently, Chung Hing Industry employs 250 personnel at ISO 9001, ISO14001, and TS 16949-certified locations in China that are committed to environmentally friendly production methods in accordance with ISO 14001. Thanks to its longstanding experience and the range of its manufacturing capacities, Chung Hing Industry offers all its customers highly flexible technologies for every development and production stage.

Plastic Injection Molding Plant: 83 imported plastic injection machines ranging from 25T to 650T.

Specializations: 130,180,360,365,380,385,540,545,550,555,5512,750,755,770,7712,902 DC micro-motor plastic parts.

Other Products: Plastic parts for LED lighting, transformers/inductors, product casings, and overmolded metal parts.

Tooling Department: High precision grinders, CNC machine centers/lathes, EDM...

Specialized in tooling design and manufacturing.

Company History

1969 Founded in Hong Kong

1989 Shenzhen factory established

2000 ISO 9002 certified

2001 Start metal stamping business

2001 ISO9001 & ISO14001 certified

2007 ISO/TS16949:2002 certified

2009 i-save Energy GmbH established in Berlin, Germany

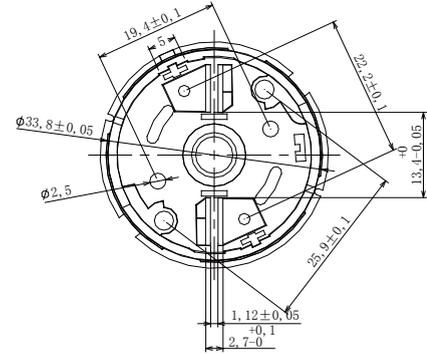

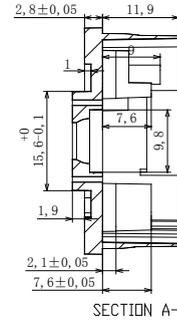

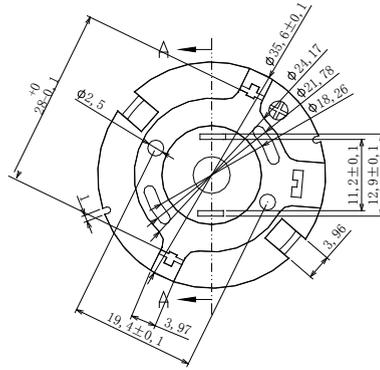

2017 Dongguan factory established
